

### REMARKS

This application is a continuation of application serial number 09/602,290 filed on June 23, 2000. Applicants have canceled claims 1-14 and are adding new claims 15-24 in order to more specifically distinguish the claimed subject matter and also to define claims commensurate with the scope of Applicants' invention.

Applicants have amended the specification to reflect the correct priority claims and a different abstract. Similar amendments were made and accepted in the parent application. No new matter is added.

Applicants submit that this application is now in condition for allowance. Allowance of this application is hereby solicited.

Respectfully submitted,  
MICHAEL C. PARK and SCOTT GILBERT
